RT ASEAN Network MOU Signing Ceremony, 28th June 2016

What is the RT ASEAN Network ?

RT ASEAN Network is a network of firms under the RT brand to service the ASEAN footprint. The Network is headquartered in Singapore.

The network will bring together into partnership and collaboration firms in ASEAN, as well as those beyond ASEAN, that aspire to reach out across their own borders and provide visibility of their services in other jurisdictions and thereby expanding their services across borders. We believe that RT ASEAN will provide a seamless service based on our value proposition of “ONE FACE ACROSS ASEAN” to our clients. We are the only firm with a dedicated ASEAN network

On the 28th of June 2016, a Memorandum of Understanding (MOU) was signed between RT and nine firms from ASEAN countries, China, India and Australia, with the aim of enhancing cooperation in areas such as professional services, public accounting, business and corporate advisory.

The MOU Signing Ceremony signifies the induction of founding members into the RT ASEAN Network, which is the only locally formed accounting and professional services network. With this, RT LLP will partner nine other professional services firms to jointly

address market opportunities in Southeast Asia and beyond.

The founding members are a mixture of professional services firms, public accounting practices and business and corporate advisory firms, from the ASEAN region as well as China, India and Australia. The uniqueness of the Network is the diversity it provides and offers, in terms of, local knowledge experts across regions, a range of skill sets, subject matter and domain competence, Asia-Pacific expertise and the advantages of a single point of contact in dealing with a seamless service across the regions. The diversity of services is enforced through the unity in drive and identity of its members. The tag line – ONE FACE ACROSS ASEAN, emphasises the singular message that RT ASEAN knows ASEAN best and the seamlessness of service it will provide.

"The potential and possibilities the region has to offer is tremendous. Therefore, it is only logical that professional service providers, come together, especially from ASEAN, in a similar spirit, to support growth, investment and demand for services in ASEAN – therein lies the genesis of the RT ASEAN network. ASEAN, as the union of 10 nations, aims to cooperate to foster ONE VISION, ONE IDENTITY, ONE COMMUNITY. The RT ASEAN network carries a similar tone of solidarity in our tag line: ONE FACE ACROSS ASEAN."
